

General Welfare Requirement

Providers must plan and organise their systems to ensure that every child receives an enjoyable and challenging learning and development experience that is tailored to meet their individual needs.

Partnership

Working in partnership with other agencies

Policy statement

Cherry Blossom Nursery and Preschool works in partnership and together with other agencies to promote the well-being of all the children in our care.

Procedures

- We work together with other agencies to promote the well-being of all the children in our care.
- The Safeguarding Children procedure and the SEN procedure allow us to share certain information with these 'agencies'.
 - AII information is kept in confidence, and no information is shared without consent from any party.
- When working alongside other professionals we respect their expertise and welcome them openly to our setting.
- Staff from other agencies do not visit any child unsupervised or any other child in the nursery.
- At Cherry Blossom Nursery and Preschool we believe it is important to consult with other agencies so that expertise can be shared for the well-being of all the children in our care.
